

PROUDLY PRESENTS

Brad Cutshall Clinic

Saturday, November 13th and Sunday, November 14th

An FEI rider, trainer, and clinician, Brad also imports horses from Sweden and Holland through Landmark Farms. His approach to training, emphasizing softness and suppleness, has been developed during almost 20 years of training with some of the world's leading dressage riders and trainers.

Interested in horses at an early age, Brad's formal training began at age 14 with four-time British Olympic dressage coach Robert Hall. His training continued with dressage experts [Belinda Nairn](#), Carol Olford Grant, and [Kyra Kyrklund](#). Through these and other talented trainers, his skills and theories continue to develop.

Brad's experience in adapting training methods while holding principles constant has enabled him to achieve success with a wide variety of horses and riders. His skill in uncovering the basis of problems and treating horses as individuals enables him to formulate training strategies for his students that keep them progressing between clinics. Sound theories, realistic application, and a true love for the art of dressage make him a popular clinician throughout the Midwest.
